

Self Directed Investing

Basic range

Exchange Traded Funds

In the overview below you will find all Exchange Traded Funds (ETFs) in the Self Directed Investing basic range. This range will be available from 1 March 2022.

Articles 6, 8 & 9

The ETFs in the basic range comply with Articles 6, 8 and 9 of the European Sustainable Finance Disclosure Regulation (SFDR). This says something about the ETF's sustainability profile. Under Article 6, the SFDR understands financial products that do not promote specific environmental or social characteristics.

When an ETF complies with Article 8, this means that sustainability criteria are explicitly weighted in the investment policy of the ETF. Article 9 focuses on the measurable impact on the United Nations Sustainable Development Goals, such as the reduction of CO₂ emissions, clean water, gender equality, circularity, the fight against poverty, and good education.

From 1 March 2022, you will find these ETFs in the Fund Selector under the filters 'Self Directed Investing Basic' and 'ETFs'. You can then buy and sell the ETFs without paying any transaction fees.

Investing involves risks. You may lose (a part of) your investment.
